

Priority Registration Rules and Policies

2013 Canoe-A-Thon participants who raise at least \$200 will be eligible to register for Paddle Georgia 2014 during a special priority registration period before regular open registration begins in Feb. 2014 for Paddle Georgia 2014.

Priority registration will be limited to 275 total registrations. In the event that more people raise \$200 than there are priority registration spots, priority registration privileges will be given in order of most raised to least raised. In the event of a tie, the remaining priority registration privileges will be awarded by lottery.

\$200 must be raised per adult registration for families/groups to be eligible for priority registration.

The 2013 Canoe-A-Thon has already started and will go through September 15, 2013. You can sign up for Canoe-A-Thon 2013 now at: http://www.garivers.org/paddle_georgia/pgcanoeathon.html.

If you choose, you can contribute to your own canoe-a-thon.

By participating in the Canoe-A-Thon, you help us accomplish two important goals of Paddle Georgia-- introducing more people to our beautiful rivers and raising more money to protect these precious resources.
